Zoning

I hereby certify that I have the authority to make the foregoing application, that the application is correct and that construction and use will conform to the Middlesex County Zoning Ordinance, Subdivision Ordinance or any other applicable laws of Middlesex County. I understand approval of this permit is contingent upon approvals of necessary Federal and State agencies.

Erosion and Sediment Control Agreement

In lieu of performing an E&S plan, I agree to comply with any reasonable requirements determined necessary by the Erosion and Sediment Program Administrator or agent.

Building

I hereby certify that I have the authority to make the foregoing application, that the application is correct and that construction conforms to all applicable laws of this jurisdiction.

**IN ORDER TO OBTAIN A BUILDING PERMIT, THE FOLLOWING
MUST BE SUBMITTED**

- Two (2) sets of building plans for residential, three (3) sets of building plans for commercial
- Site plan prepared by a certified land surveyor or registered Civil Engineer showing base floor and finished floor elevation if construction is within a Flood Zone.
- Approval of the County Health Officer for sewage and water system and any such information as may be required by the Building Official.
- For a manufactured home, a copy of the Manufacturer’s Installation Instruction is required.
- A plot plan for Zoning review that includes:
 - [] Acreage of the parcel
 - [] The date the parcel was recorded
 - [] The location and dimensions of all existing and proposed structure(s), driveway(s), sidewalk(s) (Label each as existing or proposed.)
 - [] The location of the existing septic field or the proposed septic field
 - [] The size of impervious area on the lot (rooftops, concrete)
 - [] The distance from the proposed structures(s) to all property lines
 - [] The delineation of the RPA and RMA
 - [] The delineation of land clearing or disturbance
 - [] The size of the area of land clearing or disturbance (in square feet)
 - [] The location of any erosion and sediment control measures (silt fence, straw bales, gravel entrance, etc.)
 - [] The location of any trees (12”+ in diameter) that will be removed outside of the building, driveway, well, and/or septic footprints(s)
 - [] The location of new plants to replace trees (12”+ in diameter) that will be removed outside of the building, driveway, well and/or septic footprint(s). {Two new plants are required for every tree (12”+in diameter) that is removed outside of the building, driveway, or septic field footprints(s).}

When preparing the plot plan, it is preferable to use a copy of a survey. If a survey is not used, be as accurate as possible when drawing property lines.

Notice: It is the responsibility of the applicant to establish the location of the front, side, and rear property lines whereby the County Officials can determine that the setback requirements noted in this plot plan have been met. It is the applicant’s responsibility to complete the plot plan.

Decision: <input type="checkbox"/> Approved <input type="checkbox"/> Denied	Hydrologic Unit: _____
Signature: _____	Date: Tax Query: <input type="checkbox"/> Current <input type="checkbox"/> Delinquent
Conditions/Comments: _____ _____ _____	

This agreement is for land disturbance associated with single family residence construction. This agreement is required for 2500 square feet or more of land disturbance in a Chesapeake Bay Preservation Area or 10,000 square feet or more of land disturbance outside of a Chesapeake Bay Preservation Area.

In lieu of submission of an erosion and sediment control plan for the land disturbance associated with construction of this single family dwelling, I agree to comply with any reasonable requirements determined necessary by the employees of Middlesex County, representing the Erosion and Sediment Control Program Administrator. Such requirements shall be based on the conservation standards contained in the Middlesex County Erosion and Sediment Control Ordinance, and shall represent the minimum practices necessary to provide adequate control of erosion and sedimentation on or resulting from this project.

As a minimum, all denuded areas on the lot shall be stabilized within seven (7) days of final grading with permanent vegetation or a protective ground cover suitable for the time of year.

I further understand that failure to comply with such requirements within three (3) working days following notice by the representatives of Middlesex County could result in citation for violation of the Middlesex County Erosion and Sediment Control Ordinance.
