## VARIANCE SUBMISSION REQUIREMENTS

In order to expedite the review of Variance applications, please be sure that all of the following items have been included in your Variance application. Please return this completed checklist with the application to assure that all items have been addressed. All Variance applications must adhere to the regulations found in the Middlesex County Zoning Ordinance.

- Completed variance application.
- Variance application fee of \$250.
- A sketch of the site showing the property lines, streets and roads, existing and proposed structures, water bodies, Chesapeake Bay Act features (if applicable) and variance requested.
- Any other information that the Zoning Administrator may reasonably determine to be necessary for the proper evaluation of the application.

As outlined in Article 20, Section 20-2-B of the Ordinance, the Board of Zoning Appeals shall not approve the Variance unless it finds:

- That the strict application of the ordinance will produce undue hardship approaching unconstitutional confiscation without compensation;
- That such hardship is not shared generally by other properties in the same zoning district and the same vicinity;
- That financial loss to the applicant is not the sole basis for the requested variance;
- That the hardship claimed is not self-inflicted, either deliberately or ignorantly;
- That the authorization of such variance will not be of substantial detriment to adjacent properties and that the character of the district will not be changed by the granting of the variance; and
- That the condition or situation of the affected property or the intended use of the property is not of such general or recurring nature as to make reasonable practicable the formulation of a general regulation to be adopted as an amendment to the ordinance.
